

Veren Scholz & Claudi Ammann

Titel: **Soothing**

Jahr: 2018

Stonesculptures with digital videolight

"Soothing" is a collaboration between two artists, sculptor Claudia Ammann and videoartist Verena Scholz. It is a work about and with stone and light, the transitory and the permanent, the immaterial the material and the experience of time. The light scans the forms for the eye. The viewer can sit in the sculptures and become part of the work.
